CORRESPONDENCE

BLUE STAR

Our picnic on the 4th, at Andrews' Grove, was a big success in every way. The day was ideal and the program was carried out with perfect satisfaction to everybody. The ball game between the married men and single men resulted in a tie, each side scoring 7 runs. Batteries—for the married men, Hull and Andrews; for the single men, Newell and Garret. The game was full of life from the start, and each side fought hard for the victory. Misses Rice and Brown played with the married men.

The other events on the program resulted as follows:

50-yard foot race for girls won by Elsie and Helen Heckman. Rope-jump, Ethel Hyder.

Footrace for boys, Delmar Brown, Frank Heckman.

J. Brown and P. T. Newell had easy picking over Hull and Andrews in the croquet game.

Ugliest man, Jim Hull, awarded a large, sour pickle.

Peter Heckman and Mrs. Ely easily captured the prize for the best waltzers on the grounds, and Perry Newell and Mrs. Ely won the schottische.

The big picnic dinner was the most interesting event of all, of course, and everybody ate "all they busted."

L. M. Murphy of Carthage, candidate for probate judge, who has been sick for two weeks or more is out and improving nicely. L. M. is making a fine race, and if nominated and elected will make a good probate judge.

Take your cream to J. R. Wheat.

Now for the Sattley Gang

SINGLE BEAM, BAILHITCH.

The indisputable advantages of the single bail, beam hitch principle of construction, as embodied in the SATTLEY plows, has been thoroughly demonstrated. Several qualities conceded to be absolutely essential to the perfect operation of a plow can be properly secured only in the SATTLEY.

Uniformity of depth of cut—one of the greatest requirements of satisfactory plowing, is brought to its highest degree of perfection in the SATTLEY. This point alone is enough to place it above all other plows. But it has other points of superiority that we are anxious to explain to you. Come in today and look it over.

Don't forget the great ACME Rakes and Mower when fitting out for the crop. Refrigerators: See our new line, just in, in season prices.
